

ON-LINE APPLICATION

The **Adoption Application** is not an agreement to adopt a dog. More questions will follow, plus an interview, reference checks, and a home visit/fence check, but this application form will get us started. We will use your answers as a starting point to work with you to determine whether a greyhound is really what you are looking for. We will also be able to help you select a pet who will fit well with your lifestyle and expectations. Some individuals may find this process a bit intrusive, but we have found that thorough evaluation of our dogs and of prospective homes helps to ensure that our placements are successful and permanent. Please download this PDF document, save on your computer, complete, and email back to us as an attachment.
